

12 policy priorities to strengthen and enhance your super

Super Members Council (SMC) asked all political parties and independents to commit to our 12 policy priorities to strengthen and enhance the super system for all Australians.

These priorities have three key objectives:

1. Safeguard the system fundamentals that make super a world-envied success
2. Improve the experiences of super fund members in their working lives and retirement, and
3. Make super fairer for those who don't get the full benefits of the system.

You can read more about our policy priorities and super [on our website](#).

Response from Dr Monique Ryan MP, independent Member for Kooyong

Monique is happy to commit to the 12 key policy priorities.
